

Luminaire Type : Downlight

Model Code : **LLD-7084AUW** 3500K
LLD-7084LUW 2700K
LLD-7084YUW 3000K

Technical Data

Dimension : D.115/H.148mm
Weight : 0.9 Kg

Light source : LED
Wattage : 13.7 W
Lumen : 850Lm(3500K)/800Lm(2700K)
 830Lm(3000K)

Color temperature : 3500 K
Beam angle : 25 °
CRI : 83

Protection Class(IP) : IP44

Component & Information

- Aluminum die-casting trim, marine-grade painting with stainless color
- Aluminum die-casting heatsink, Stainless steel fixture
- Plastic cone chrome plating, Aluminum mirror reflector
- Tempered glass cover, clear
- *Glare cut-off angle: 35°
- *Ceiling cut-out hole: Dia.100mm
- *Optional accessories are available at factory by custom-order.
- *Available ceiling board: t5~25mm
- *Remote LED driver is required.

Feature

Reduce the multi shadow and provide high quality light with COB which controlled dispersion of light color to a minimum.

Effective heat sink even with miniaturization of 65% compared with conventional products

The seven-layer finish cone for outdoor is excellent in weather resistance. Our glareless cone is the same level as automobile parts realizes high quality light even under harsh environments.

Rust-resistant aluminum material

Light distribution control by reflector

Complete waterproof performance with original gasket.

Cut off angle 35 °
 Reflector designed to not produce unpleasant light not only by primary reflection but also by secondary reflection.

Coverless bottom
 By providing the protective glass at inside, there is no cover on the bottom surface of the fixture, it will not be fogged due to the influence of the temperature environment and dirt on aging can be suppressed.

25° 3500K / Ra83

Luminaire position:
 1500mm from wall, CH3000
